Section 1. Definitions

“*Commission*”: The Philadelphia City Planning Commission

“*Executive Director*”: Executive Director of the Philadelphia City Planning Commission

“*POD*”: Plan of Development

Section 2. Scope

Pursuant to Subsection (12) of Section 14-1638 of The Philadelphia Zoning Code, entitled “Central Delaware Riverfront Overlay District,” the City Planning Commission hereby adopts the following rules and regulations governing the review and approval of “Plans of Development.”

Every new development or redevelopment has impacts on the immediate surroundings, the neighborhood, and the larger urban context. The responsibility of protecting this public realm falls on the City Planning Commission. The Plan of Development is an extension of this already existing charge.

In reviewing a proposed POD, the City Planning Commission will be reviewing any item that will have an effect or impact on this public realm. Such items subject to the POD review will include:

- (a) The base zoning;
- (b) The proposed uses;
- (c) The density of the development, including the scale, height and massing of the structures as well as the unit count/composition;
- (d) The amenities included in the project, including the landscaping;
- (e) Any connections to neighborhood at large;
- (f) Street life activity/continuity;
- (g) Any proposed streetscape improvements;
- (h) Parking and traffic impacts including where the buildings will be serviced;
- (i) The appearance of the building, including its form and materials;
- (j) The site layout/design; and
- (k) Any issues relating to sustainability.

While such a list obviously cannot be all-inclusive, it should serve as notice to developers bound by the POD, on what to expect from this review process.

Section 3. Submission Requirements

A complete POD submission shall include the following submission requirements; however, the Commission may in its discretion waive one or more of these requirements:
